The long delayed patriotic auction sale took place on Saturday afternoon and as usual proved a good success as every patriotic article sold in 15 minutes. As a result the net sum of \$418.85 was realized to the secretary of the Red Cross. The total amount realized was \$418.85 and the expenses amounted to \$49.00, which represented feed for six head of stock since Dec. 1st, but Mr. Walter Elliott who had charge of the stock at the Glensheen Livestock stable, kindly reduced this amount to \$30.

Below will be found the name of the donors and the amount each contributed.

Wedding Bells

The home of Mr. W. F. Durston, "Hillcrest," Qu'Appelle, was the scene of a very pretty home-wedding Thursday, January 10th, the contractions parties being Miss Margaret Jane, only daughter of Mr. & Mrs. W. F. Durston, and Mr. William Donald Campbell. The ceremony was performed by Rev. L. Derville in the presence of immediate relatives and friends. Miss Gladys Thomas, a pupil of the bride, played the wedding music, the bride being given away by her father. Miss Eva Hall acted as bridesmaid and Mr. G. Campbell, brother of the groom, as best man. Typical Alberta weather smiled upon the happy gathering, whilst mist and jolly rain fell for the assembly. The gift of the groom to the bride was a pearl pendant, to the bride's maid a pearl pin and the bride's gift to the groom a pearl stick-pin. The bride was dressed in grey silk poplin touched with rose. The wedding guests after the ceremony seated themselves according to place-cards around two well-laid tables where the customary patriotic and social toasts were tendered after the meal. After the happy couple left by auto for Vulcan, where they took the train to spend their honeymoon in California, being accompanied by the bride's parents.

The wedding gifts represented many useful and beautiful articles, among them being four bank cheques for goodly amounts from Mr. & Mrs. R. H. Campbell, Mr. and Mrs. W. Oldfield, Mr. & Mrs. MacDougal and Mr. and Mrs. Henderson.

Those present were Mr. and Mrs.

Oldfield, Davidge, Hall, MacPhie, Henderson, Glosop, N. Hall and daughter, McNamee Patric and W. Evans, Miss Thomas, Messrs. George Campbell and Allberg. The call joins the many friends of Mr. and Mrs. Wm. D. Campbell in wishing the happy young couple a long, happy and useful life and all the good things they can possibly wish for themselves.

H. H. Halliday Elected, 29 Majority

At last all the polls in Bow River constituency have been heard from and the returning officer has declared Howard H. Halliday elected by 29 votes to represent this constituency, which is expected to be increased when the overseas votes are received.

We had hoped ere this to have published the results of each poll but it has been impossible to obtain and will have to be content in giving the total votes which are announced by the following: Haskay, Union, 3906; Gough, Lib-Lab, 2907; Galbraith, Non-Partisan, 2447; Reed, Socialist, 229.

It is noted that the Non-Partisan and Socialists have lost their deposit.

East Arrowwood

Mr. and Mrs. Carl Miller were Calgary visitors this week.

A. G. Balar and family ate a delicious dinner with Mrs. N. N. Lehman and family last Sunday.

Several of the school children have received letters from pupils of the Long Branch School situated in north west Missouri. The plan is to help create an interest in this position.

Ralph Salter left Friday morning for London. It was his intention to bring his sister-in-law, Miss Rena Kinney, back with him. Miss Kinney's stay in the community is indefinite.

Among the visitors that spent Sunday afternoon and evening at East Arrowwood were, Messrs. Ralph, Gayland, Felix and Paul Jones, Winter Spier and Misses Ethel Smith and Olive Spier.

Say-Feminine Place-Salter Lake, Time-4 p.m. Sunday, Cause-Cold, Manner-Sing, Degree-Temporary pains, Result-Big toe frozen.

Salter Lake was again the scene of skating activities. Snow covered the ice but nevertheless Sunday afternoon found about 35 young people clamoring for exercise. The skating captain was well along enough to permit skating. They took the train to spend their honeymoon in California, being accompanied by the bride's parents.

Last week's prayer meeting, which was held at the home of Mrs. R. H. Campbell, Mr. and Mrs. W. Oldfield, Mr. & Mrs. MacDougal and Mr. and Mrs. Henderson.

structive and beneficial to all who have done so. It was decided to have this week's meeting at the home of Mr. and Mrs. Floyd Nealey, with Cecil Culp leading.

The regular program of the literary society of the school was unusually good last week. The girls sang and the comical recitation of Preston Shudo and Dennis Hagley were especially noteworthy. It was voted to assess each member a small sum for the purpose of buying curtains and a dialogue book for the school. It is believed the curtains will make the building look more home like. A committee was appointed to secure pictures for the walls of the room. Cecil Culp has shown himself competent to be the president of the society and has led in proficiency.

All services of the church were well attended last Sunday. There were 70 in S. S. with a collection of \$6.06. The assistant secretary, Mr. Irwin, officiated as Mr. Miller was absent. Rev. F. E. Poles presided the morning service. The children workers meeting is steadily growing in interest and attendance. The subject was the bible—God's gift to us. John Hagley was leader of the evening. Mrs. J. I. Brubaker was appointed leader for next Sunday evening. The subject was "My Saviour." An interesting program is expected. Meetings are at 6.30 p.m. Rev. Garst was the minister of the evening.

NAMAKA NEWS

At the annual school meeting held on Saturday last Mr. H. Shuldorff was elected as trustee.

At the meeting of the Red Cross society last Thursday \$200 was ordered to the Provincial branch as well as \$30 for knit bags.

A "Hard Time Dance" will be held in Namaka on Friday, 18th January. Admission 25c. Prizes will be given for the best hard time costume for ladies and gentlemen. Prizes will be levied on those wearing jewelry, collar and the good silk dress or good suit. Costumes may be old but must be clean. Proceeds for the Red Cross Fund.

Mr. Cendon is exempt for a few months.

H. Edwards is not going to wait until Uncle Sam gathers up the spare men. He will volunteer.

What about the man that wanted two votes in the last Federal election? He is to be excused.

A movement is on foot to organize a Red Cross Society in Standard and it is hoped it will succeed. In fact it should have been done three years ago. There is no denying how prosperous that Standard and the writer feels rather ashamed to admit that we have been so slow in action. It looks very much as though we have received a direct result in this awful war. Of course, many of us have been doing our share, but Standard has not been so creditable and we are justly looked upon as a mean, stingy, unpatriotic people. I for one, resent this, yet must admit it looks very much as though our neighboring districts cannot be found fault with for forming such opinions of us and continuing to hold them until we cease to be. Let us business back and show the public that we are glad of the opportunity

few wrinkles yet. Billy expects to change a watch with Bangay very shortly and would like to hear from no other town than bankers for defeat.

The annual congregational meeting of Glensheen Amalgamated Church will be held in the Methodist church on Thursday evening, the 17th. A short program is being prepared after which refreshments will be served. Everybody welcome. Time 8 p.m. sharp.

J. W. Mcintosh is the new manager at Pickard & Tuck's and as he has had a wide experience in the men's furnishings business will no doubt make a store a greater success than ever. Already he has become a genuine Glensheen booster. He says of late he has travelled all over the west and is very pleased to be permanently at a hotel like the Palace, which he says is clean, neat and in general abode of most of the towns in the west. The rates here are reasonable, but best of all the Palace has a white cook, something few hotels have now.

F. L. Mallory returned over a week ago from his trip to his old home in Tacoma.

Pte. Ken. McPhee's Wounds Improving

Pte. Kenneth McPhee was reported wounded a few weeks ago and a postal card has just been received from him stating he is improving. He was wounded in the leg below the knee, but full particulars are still unavailable, and naturally his parents are anxious, to whom every sympathy is extended.

Kenneth is one of Glensheen's most popular young volunteers, but he has had hard luck ever since he went overseas. He has suffered with every disease known to childhood, including mumps, measles, and has been in quarantine several times. Then he just got to the front when he was wounded. The Huns may congratulate themselves on all his misfortunes as otherwise nobody a few more of them would be in warmer regions.

on another page. The Busy Store has been making plans for sometime to stage a big January Sale, as has events are now an actual occurrence in all wide awake business establishments. It is the only solution of one of the retailers' many problems that of making dull January days into big business results, stores are also cleaned up and the demands of the public for fresh up-to-date stuff every season, at least twice a year, is by this means fully satisfied.

Goods of every description have still not reached its limit as regards rising prices and it is a difficult problem to replace stocks in stores even at today's prices. As soon as the sale is over Mr. Ramsay started out on his buying trip and is satisfied he can purchase values for the Busy Store which will stand comparison with any offerings far and wide. The values offered we ask our readers to fully investigate. Our experience is that when this store does a thing it is done right and we know that there will be lively times around the Busy corner for the balance of January.

Carl Sheets had a flying visit from his father last week from the States. Mr. Sheets is travelling for his health, and he leaves Alberta with a good impression for the future of the province.

The Craiganter school meeting was held last Saturday, and the prospects look bright for the school as most of the land in this district is now sold. J. E. Crapo was elected as trustee to fill the vacancy of George Green, who deserves a rest as he has held office since 1912.

The values offered we ask our readers to fully investigate. Our experience is that when this store does a thing it is done right and we know that there will be lively times around the Busy corner for the balance of January.

Carl Sheets had a flying visit from his father last week from the States. Mr. Sheets is travelling for his health, and he leaves Alberta with a good impression for the future of the province.

The Craiganter school meeting was held last Saturday, and the prospects look bright for the school as most of the land in this district is now sold. J. E. Crapo was elected as trustee to fill the vacancy of George Green, who deserves a rest as he has held office since 1912.

QUEENSTOWN

Mr. and Mrs. Laughlin have
gone to Ontario.

There is a baby boy at the
Shields' home.

W. Smith and wife left recently
for California.

Mr. Senons is in the State
of Washington where he is spending
the winter.

John Williams and Bob Burke
are having a high old time some-
where in Oregon.

Joe McCabe is building himself
a brand new home right across the
road from his old stand.

Miss McIvor, the popular Pioneer
school teacher, has gone to the
Hawaiian Islands.

Jellies Little has taken unto
himself a wife. The young lady's
name used to be Miss Cameron.

Mr. and Mrs. F. Beggs have gone
to Southern California, where Mr.
Beggs now owns a permanent resi-
dence.

The Queenstown Farmers Union
will be represented by 10 delegates
at the U.F.A. convention to be
held in Calgary the last week in
January.

Among those who have made
Calgary their winter residence are,
P. Mills and wife, the Goulens and
Bertrand families, also the Lough-
ren boys.

Andy Oler has just returned
from a flying trip to Seattle. Andy
is not saying much but his friends
have a sneaking suspicion that the
young lady he went to see will be
coming up before long.

Whatever else can be said about
the cold weather and balmy chinks
which we have had lately it has
been a very hard season for grain
handling and since the ferry went
out practically no grain has been
marketed from Queenstown.

There will be a box social held
at the Corby Hill school Friday eve
Jan. 18th. As this is the first en-
tertainment of any importance ever
held in that school the committee
in charge looks for a big turnout
especially ladies.

All the Queenstown and Major-
ville's newly rich have gone away
for the winter. A few have only
gone as far as Alberta's metropolis,
Calgary, while others have gone to
their old homes or to southern Cal-
ifornia.

The work on the Cluny bridge is
still progressing fairly well, the
piles have been driven clear across
the river and all the piers are nearly
finished. The spans are ready
to be laid as soon as a carload of
material needed for the first span
arrives. Mr. Sims, the carpenter
foreman, thinks the bridge will be
finished the last part of March.
Traffic across the bridge will hardly
begin until the frost is out of the
ground as there considerable grad-
ing to be done at the south ap-
proach to the bridge. The grad-
ing on the long hill south of the
bridge is all finished.

Have you read F. L. Birden's

CHILDREN'S SWEETS

Property of English Ships is Due
to the War

"We'll send the boy out some
sweets this week," is that homely
phrase, the secret of the prop-
erty of thousands of sweet shops
during the war. Each and every one
on service will cheerfully own to
possessing quite a good stock sweet
tooths, and the folk at home take
excellent care not to neglect it. "An-
other reason why we have been extra-
busy this year," smilingly admits one
cheerful proprietor of a sweetshop in
a popular neighborhood, "is the fact
that the youngsters have had more money to
spend. The soldiers give it to them
for one thing, and their mothers
have had more, and consequently give
them more. Women, of course, like
sweets, and when they come in to buy
something for their sons and hus-
bands at the front, they spend a little
for themselves, or give an extra penny
to Tommy the Youngster, who has been
there enough to accompany his
mother."

"Then, too, with the little extra pro-
perty in the home, the youngsters
have had their 'Saturday' happiness
and 'sundays' as they call them,
doubled, and sometimes trebled. Ex-
travagant! Well, not exactly. Sugar
is good for kiddies, and there are not
many sweets nowadays which are not
made of good stuff."

What are the favorite sweets of
youngsters? The options of a dozen
shopkeepers in a neighborhood where
the children's trade is worth having,
all concur. The toffees and caramels
hold first prize in the affections of the
boys and girls. Perhaps it is because
the glutinous glory of both these
sweets are very enduring. Look
caramel and milk/ caramel have a
rubbery-like resistance to the action of
the teeth that endows them greatly
to the heart of the small boy, whose
teeth are few. His youthful prowess
gives him to understand that the way
to get on is to have something that
gives a longer life for his money. So
he looks a little bit sabbatic, say, at
a saltish cushion of sweetmeats,
filled with delicious fruit juices. He
will agree that it is delectable, but
his senses were rapidly beneath his
sharp, white teeth, and is gone in a
second.

KITCHEN HINTS

Apples cut in irregular blocks bake
more quickly in a pie than thin slices.
When piled in a pie there is more
chance for the heated air to circulate
through the fruit, than when it is
packed in slices.

One-fourth teaspoon of soda added
to the water in which cabbage or
onions are cooked, will help to pre-
vent strong odors. Cook them un-
covered. They will retain their
natural flavor better.

To prevent the drops of liquid that
sometimes appear on a sautéing, let
the pot or pudding become slightly
cooled, before putting on sautéing.
Brown in a slow oven.

If cookies are baked on the bottom
of inverted grating pans, they will
keep from burning on the bottom and
are more evenly rendered.

Use chopped dates instead of raisins
occasionally, in rice puddings, bread,
etc., and notice the difference in taste.

COMPLEXIONS THAT KILL

See Twelve Hours Per Day to Get
David Miller

At an inquest had recently the
death of a young girl was attributed
to her having eaten large quantities
of raw rice to improve the complexion.
It is amazing what dangerous prac-
tices girls will resort to in order to
produce the much-desired "rosy
skin." There have been many cases
of arsenic poisoning from this cause,
and only a few years ago two young
dame nearly lost their sight
through bathing their cheeks with a
poisonous compound of "frog's eggs" and
other horrors. Perhaps the most
striking recipe was suggested by a
poor seaman some years ago who,
when the fashion papers were discus-
sing how ladies could best obtain the
desired pallor, wrote and advised them
to sit for twelve hours a day over a
sewing machine with eleven other
girls in the room.

BUY AN IRRIGATED FARM FROM THE CANADIAN PACIFIC RAILWAY BECAUSE:

Irrigation makes the farmer independent
of rainfall, and in every good crop, not
occasionally, but every year.

Irrigation makes possible the successful
culture of alfalfa, the king of fodders, which
insure good returns in dairying and mixed
farming.

Irrigation means intensive farming and close
settlement with all the advantages of a densely
populated agricultural community.

Irrigation in the Canadian Pacific Railway
block is no longer an experiment,
the years that it has been tried having abso-
lutely demonstrated its success wherever it
telligently applied.

This is the most liberal offer of irrigated farm land on record. For full particulars apply to

BRUCE GAVE FIRST COUNTY BATTALION

South from Detroit and Gorman
Through Col. Weir's Unit—Where
and How Volunteerism Succeeded

The secretary of the Walkerton Old Boys' association estimates that in every block in Detroit there is at least one native of Bruce county, Ontario. The chances are about even that any hustling young man by the name of McGregor or McFarish or McPherson who moved in the Michigan city, came from Ripley, Kincardine or Walkerton. Some of them have not remained in Detroit. They came back to fill the ranks of Bruce's overseas battalion, and that is one of the reasons the 16th recruited to full establishment the most quickly of all the county battalions. The South haven't a monopoly on the 16th, for strange to say, a big percentage of regimental staffs are recruited from the German-Canadian of Ontario, Midway or Watton. But it is not too much to say that the Scots have the backbone of the battalion.

Knew His County

After Bruce county sent hundreds of her sons to the fighting line of the war in November, 1914, for a battalion of 1,200 men to be recruited within the boundaries of the county and to be officered by Bruce county officers. Lieutenant-Colonel A. Weir was appointed officer commanding and he set about it as energetic fashion to disprove the common belief that Bruce could not supply 1,200 men by voluntary system. Nobody knew better than the colonel the military possibilities of the district assigned to him, for in it he had the ranks of the thirty-second Bruce battalion and held every rank from private to colonel since that time. He knew where to expect the biggest enlistment and where to apply the greatest pressure. He also knew where he could get a staff of competent officers from the former Bruce boys now located in all parts of the continent.

Major From Kentucky

Colonel Weir went to the United States for his second in command, Major Moffat. The major had been a soldier all his life. He is a veteran of the Spanish-American War and has held important military posts in Kentucky. He was inspector-general of the state militia. Major Moffat is the inventor of a hand grenade now being used in the fighting on the west front. It is constructed on the same principle as a shrapnel shell, timed to burst automatically five seconds after it leaves the thrower's hand. Colonel Weir and Major Moffat proved an excellent recruiting team. The 16th was organized later after most of the county battalions in Ontario, but by May, 1916, 1,200 men and officers mobilized at Walkerton, in addition to a base company of 100 men to which newly-enlisted men are constantly being attached.

TRAINING THE SOLDIERS

Jim Vaughan of Tigers Helped Keep
Comrades Fit

J. R. S. Vaughan, commonly known as "Jim," one of the most widely known and best trainers in Canada, enlisted for active overseas duty with the 16th "Sportmen's" Battalion. "Jim" was connected with the Tiger Football Club for fourteen years as a teacher, and when the Tiger war team was organized he decided that he would continue to be a "tiger" in the new role of soldiering. He is an old athlete of fame, and many years ago was continually before the eyes of the public as a baseball player, boxer and trainer of athletes, boxers and wrestlers. He took a prominent part in semi-pro boxing bouts and gained considerable notoriety. He also played with the Dominions and Ontario in the southwestern league for four years as a pitcher. Jim Vaughan is probably better known as a trainer than as an athlete. He trained the world-renowned sprinter, Bobby Kerr, who joined the 16th "Sportmen's" Battalion as a sergeant; Harry Fraser, Andy Wilson, long-distance runner, and Gordon Glenzie. He also trained Charles Ondaatje, the world's greatest wrestler at his weight; Paw Vee Onda, 110-pound amateur champion, and Bobby Wilson, who won the international 140-pound championship. As a baseball trainer "Jim" worked in connection with Page's International team in 1908 and Knicker's team in 1910.

Curfew at 6:15 P.M.

The precautions against air raids demonstrated the alertness at Chester of a counter-attack custom. Since the latest days of the Norman conquest the custom at Chester has been to have a curfew, it is believed, a break, from 1:00 p.m. to 9 p.m. each night. For the last month, however, it rang at 1:15 p.m., and then, as the days lengthened, the time was advanced until the traditional hour was reached.
